The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claim 7 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 7 recites "the coupling agent is preferably..." This language renders the claim indefinite.

Claims 1-6 and 8-9 are allowed.

The reference to Chandler et al is cited as prior art of interest.
